A LGER'S FUTURE LIFE.

WILDETON, Publisher.

No. 17 MERCER-ST (near Newark), N. J.

A CRITICAL HISTORY OF THE DOCTRINE OF A FUTURE LIFE
By Wm. R. Alger. With an Appendix Containing a Catalogue of Works Relating to the Nature, Origin and Death of the Soul, being a complete Bibliography of the Subject, by Ezra Abbott. Fourth Edition, with many Additions by the Author. Royal octavo, \$14 pp., cloth, extra gilt top, \$16; half calf, \$12.

Dr. Alger's work is so well known, the Publisher feels it is only necessary to call attention to the new edition, now ready. It has been prepared at much cost of time and labor in revision by the Author, during two years which have elapsed since the last issue appeared. For the past year the work has been entirely out of the market, and the demand in England, as well as throughout the United States, has been constant and increasing.

For sale at principal Booksellers, and mailed by Publishers on receipt of price.
